There is a new interactive platform rolling out from the Columbia Alumni Association titled Volunteer Columbia that will allow student and alumni organizations to post all sorts of volunteer and engagement opportunities to Columbia community members. This may be a platform that IGB would be interested in utilizing in order to seek out additional delegates. Sean and I will be meeting with the CAA in coming weeks to talk about which student groups might be the best fit and should receive support in utilizing this platform. Apparently the platform is already up and running, but hasn’t been advertised at all. In fact, I am having trouble finding a way to access the website at all by using Google.
